MCH-Hosted LGBTQ+ Health Equity Resources

About the Resources

o Two directories, located at
https://www.moconnectionsforhealth.org/lgbtq-equity-group/

o Created by MCH with input from the former LGBTQ+ Health Aging and Equity group (now part of the LGBT Older Adult Alliance)

o Intended to be a library of information that can help individuals and organizations reach and serve the LGBTQ+ community more effectively.

Criteria for Directory Listings

o Listings are not for advertising purposes.

o No for-profit listings or ads are allowed

o Listings may be created from public-facing digital sources or may be submitted by organizations

o When listings are submitted by known entities, MCH staff double-checks any links for functionality, then adds them to the directory

o Listings from unknown sources are checked more thoroughly (i.e. phone numbers tested, may reach out to other area organizations to verify identity)

Directory 1:
Organizations Serving LGBTQ+ Missourians

o Intended Audiences:

    o LGBTQ+ Missourians seeking resources in their area

    o Organizations who want to collaborate with organizations that focus on the LGTBQ+ population

o Information Included:

    o Organization name and contact information

    o Target age group and target population (i.e. HIV+, Transgender/Gender Diverse, etc.)

    o Information about mailing lists and community calendars

How to access:

Directory of Organizations Serving LGBTQ+ Missourians

Links will open in a new tab using Google Sheets and Google Forms

Visit the Directory of Organizations

Add or Change your Organization's Info

The "Visit" buttons, when clicked, open a new tab with the directory

The "Add or Change" buttons lead to a form for collecting information

Sharing these Resources

o We encourage all organizations to share these resources with your partners and encourage them to add information.

    o Organizations are more likely to join and use the directory if it is recommended by a trusted partner.

o We recommend linking to the Missouri Connections for Health page, rather than linking to the spreadsheets

    o This will prevent broken links in the event the spreadsheets are updated to a new version

    o All users will be able to see the "Directory Notes and Rules"
